

Dan Graham will be presenting the following course for the Illinois Institute of Technology's NETSECURE '10, IT Security and Forensics Conference relating to E-discovery:

NetSecure '10

IT Security and Forensics Conference and Expo
March 4, 2010

E-discovery: Plan for Principled Preservation and Production

*The cutting edge in compliance under the new Seventh Circuit
E-discovery Pilot Program*

Daniel T. Graham

FVLD[®]

This program is designed for those IT leaders charged with establishing e-discovery strategies. If your organization is subpoenaed for records relating to a dispute or a government investigation, you need to be prepared to properly preserve the relevant electronic information, understand production requirements and, ultimately, defend your organization's production. You will learn the Principles that guide the development of a comprehensive and cost-effective approach to the compliance conundrum of e-discovery.
